Invest Small. Save Big.

### THE LEASE KILLER

The new Synergy EmpowerLoan™ makes leasing a PV system or getting into a Power Purchase Agreement (PPA) absolutely unnecessary. It is now easier than ever to own your own system! Innovative financing options like the EmpowerLoan™ shift long-term value of solar back to homeowners through easy outright ownership. Qualified buyers can own their system with little or nothing down and get the added peace-of-mind the included system PV production performance guarantee, professional monitoring and maintenance bring. Combined with current Tax Incentives, this solar loan and your daily energy savings, will extinguish leasing and PPA's appeal.

## you get it all!

### **\$0 Down. Guaranteed Performance. System Monitoring. Maintenance.**

The EmpowerLoan™ is one of several Synergy financing options, each with its own unique benefits. We will provide you with information for all loan options, so that you can choose the best option for you.
